Hurley's Dr. R. Roderic Abbott Education Center

# 1. Welcome from the Program Director

*T*hank you for considering the Hurley Medical Center Postdoctoral Fellowship in Rehabilitation Psychology as the next step in your professional journey.

Our two-year program is set in a multicultural learning environment, with more than 100 other graduate-level learners from around the country and world and more than 1500 learners in all at our teaching hospital per year.

Our workforce of ~2000 reflects the community we serve, as it's a blend of races and ethnicities, with frequent celebration of and education about subcultures as they relate to the work environment and to patient care, such as LGBTQ awareness, religious backgrounds, generational approaches, and ethnic appreciation.

Our fellows not only have exposure to clinical excellence, they also learn about the larger healthcare system, as they have an opportunity to serve on institutionwide committees, such as the hospital Ethics Committee, Diversity & Inclusion, Quality & Patient Safety, Wellness, and more. They also are eligible for a faculty appointment through our affiliated Michigan State University College of Human Medicine and have an opportunity to teach medical students and resident physicians.

We think of the fellowship years as a capstone on your existing training base and hope that it will be one of your most formative experiences as you develop a personal practice style.

*Kirk Stucky PsyD*

We strive to provide a challenging yet supportive atmosphere, where autonomy and supervision are in dynamic balance.

We look forward to meeting you and sharing more about our unique learning environment at Hurley Medical Center.

A handwritten signature in blue ink, reading "Kirk Stucky". The signature is stylized with a large, sweeping flourish at the end.

Kirk Stucky PsyD ABPP (RP, CN)  
Program Director  
Rehabilitation Psychology Fellowship Program

## 2. Basic Requirements & How to Apply

### Accepting applications Nov. 1, 2022

For the **adult rehabilitation psychology** fellowship position available Sept. 1, 2023, through Aug. 31, 2025, applications are **due Jan. 4, 2023**.

For the **adult rehabilitation psychology** fellowship position available Sept. 1, 2024, through Aug. 31, 2026, applications are **due Jan. 4, 2024**.

### Eligibility Criteria

#### Minimum:

To be eligible for the two-year rehabilitation psychology fellowship program, which begins Sept. 1, applicants must meet the minimum entrance requirements by the start date of the program:

- Completion of doctoral studies at an APA-accredited clinical psychology doctoral program (PhD or PsyD)
- Completion of an APIC-accredited internship
- A license to practice in the State of Michigan
- U.S. citizenship

- Broad, general background in professional psychology
- Desire to work in multidisciplinary team environment with a diverse patient population

#### Highly desirable:

- Strong foundation in hospital practice, rehabilitation psychology, clinical neuropsychology, and ultimate interest in rehabilitation-oriented career
- Past work experiences in a medical setting or medical education

### Application Instructions

1. Register for the Association for Post-doctoral Programs in Clinical Neuropsychology (APPCN) match at the **APPCN match website**. Hurley's Rehabilitation Psychology Program Match Number is: **879**.
2. After you have registered for the match, submit the items below directly to the **fellowship program coordinator**. To confirm delivery, please use your email provider's tools to request a read receipt to confirm delivery.

**Deadline: January 4**
3. If there are any post-match vacancies, you may apply directly to the **fellowship program coordinator** by submitting the required items listed on this page as soon as possible.
  - Letter of Interest
  - Curriculum Vitae
  - Three (3) Letters of Recommendation
  - Official graduate school transcripts (may be mailed or emailed but must come directly from the institution to Hurley Medical Center)
  - Two samples of neuropsychological reports that you have completed (with patient identifiers blacked out)

## 3. Program Admissions

**Date Program Tables are updated:** Sept. 15, 2022

### Description:

*APA: Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on resident selection and practicum and academic academic preparation requirements:*

The rehabilitation psychology fellowships at Hurley Medical Center provide a heavy emphasis on clinical neuropsychology practice in diverse practice settings. In accordance with the Baltimore Conference guidelines, fellows receive intensive training and obtain experience in the delivery of rehabilitation psychology and neuropsychology services in inpatient and outpatient settings.

The program prepares the trainee for a career in hospital practice with a special emphasis on being part of an interdisciplinary team. Upon completion, fellows are prepared for board-certification, leadership, and supervisory roles in a variety of practice settings. Training also prioritizes prerequisites for board-certification as a rehabilitation psychologist.

Most graduates of the program obtain employment in a medical center and remain active in medical education, hospital practice, rehabilitation, and/or clinical neuropsychology practice. More than 90% report that the training they received was very closely related to their current employment.

### Minimum requirements:

*APA: Describe any other required minimum criteria used to screen applicants.*

1. Completion of doctoral studies at an APA-accredited clinical psychology doctoral program (PhD or PsyD)
2. Completion of an APPIC-accredited internship,
3. A license to practice in the State of Michigan,
4. U.S. citizenship,
5. Broad, general background in professional psychology.
6. Desire to work in multidisciplinary team environment with a diverse patient population.

**Hurley Mission:** We ask fellows to uphold the Hurley Mission: Clinical Excellence. Service to People.

### Program Disclosures

*APA: Does the program or institution require students, trainees, and/or staff (faculty) to comply with specific policies or practices related to the institution's affiliation or purpose? Such policies or practices may include, but are not limited to, admissions, hiring, retention policies, and/or requirements for completion that express mission and values.*

Yes. See **Hurley Mission**, above.

### Admissions information

- Accredited by the [APA Commission on Accreditation](https://www.apa.org/accreditation) ([apaaccred@apa.org](mailto:apaaccred@apa.org), 202-336-5979), with each academic year beginning Sept. 1 and ending Aug. 31.
- To apply for this program, applicants must meet the minimum entrance requirements as described in the [How to Apply](#) page of this brochure.
- Applicants must first register for the Association for Post-doctoral Programs in Clinical Neuropsychology (APPCN) match at the APPCN match website. **Hurley's Rehabilitation Psychology Program Match Number is: 879.**
- After registering for the match, candidates may send their application materials to the program coordinator as described on the [How to Apply](#) page in this brochure.
- **Deadline to apply: Jan. 4** (If there are post-match vacancies, applications are accepted until the position is filled.)
- **2023 seeking one fellow:** For information on how to apply for future years, see the [How to Apply](#) page of this brochure.
